

GREATER4H Project manager

For the transnational green hydrogen project - GREATER4H

Are you committed to sustainability? Would you like to help transform the Northern European transport sector and make fossil free transport possible?

GREATER4H is looking for an ambitious project manager to help build and run our project team in Copenhagen, Denmark.

Our vision is make Northern Europe the frontrunner region for green hydrogen and illustrate an example of how a full decarbonisation of road transport is possible. Joined by both private and public partners GREATER4H will establish a green hydrogen corridor in the STRING region between Oslo and Hamburg. Green hydrogen is among the most mature technologies available for decarbonizing the transport sector. GREATER4H will help to accelerate the needed decarbonisation of heavy-duty transport by developing hydrogen infrastructure in the STRING region. Together with front-runner companies in the hydrogen industry GREATER4H will pioneer the green transition of road transport in Northern Europe.

As our new project manager you will together with the project coordinator in Schleswig-Holstein and the STRING secretariat help to set up a project secretariat for GREATER4H. You will be responsible for the daily management of the GREATER4H project throughout the three year project period. This will open up new perspectives and offer you the possibility of actively working on the green transition of transport in Northern Europe. Your task will be to oversee work done across all major work streams and coordinate with responsible work package leaders. You will drive forward GREATER4H by being involved in the following tasks and responsibilities:

- **Project guidance:**
 - Coordination with the involved project coordinator, project partners and thirds parties.
 - Coordinator of the Northern European hydrogen alliance.
 - Assisting the project coordinator in Schleswig-Holstein in liaising with CINEA and other European Institutions.
 - Responding to requests for information/support.
- **Project assessment and monitoring:**
 - Coordinating the daily work in the project secretariat
 - Daily management of the project cost and monitoring the GREATER4H budget in close corporation with the financial officer.
 - Monitoring and recording the results of executed activities. This includes the continuous control of the set project goals or adjustment of the goals in the course of the project.
- **Risk management**
 - Keep track of the project risks and develop a risk mitigation plan.
 - Update the risk mitigation strategies in close collaboration with the project Coordinator and the Project Steering Group.

Minimum Requirements:

- University degree in a relevant field, such as Business Administration, Political science, Economics;
- Experience from managing similar transnational EU-funded projects. (CEF, Horizon, etc.);

- Fluency in English and proficiency in at least one of the project languages (German, Danish, Swedish and Norwegian); more languages appreciated;
- Experience in project management, working with external suppliers, and;
- Good computer literacy (Microsoft Office and database software).

Desirable qualifications:

- Good knowledge of the hydrogen sector;
- Interest in sustainability and the green transition, and;
- Prior experience with managing CEF projects.

The GREATER4H secretariat is situated in the STRING secretariat and you will thus be part of larger team of colleagues and a vibrant environment. GREATER4H has a small secretariat with a large mandate. As such, we are looking for a flexible candidate who can easily adjust to the fast-paced climate of a project Secretariat. We therefore like our next colleague to have the following personal qualities:

Personal assets:

- Problem-solving attitude;
- Outstanding organisational skills, accuracy and assertiveness;
- Ambition to work in an international environment;
- Ability to work in a multi-cultural environment;
- Strong teamwork skills;
- Communicative and motivated;

Terms of employment:

- Start date: 1st of June, 2022.
- A short-term contract will be offered for the duration of the project period ending primo 2025.
- Your work place will be in the GREATER4H secretariat, which is situated at the STRING office in Central Copenhagen, Denmark.
- Frequent travel in the STRING region and to Brussels should be expected.
- You will have a 37 hour/week contract, with your base on Nørregade 7b, Copenhagen.
- You will be employed by Region Zealand and the terms of employment and salary will follow the Danish Region's guidelines.
- Reallocation costs will not be covered.

Facts about GREATER4H

GREATER4H is a transnational project initiated by local and regional governments in Germany, Denmark, Sweden and Norway together with six private companies. The aim is to accelerate the green transition of road transport by establishing a green hydrogen corridor between Hamburg and Oslo.

The projects runs over 36 month and aims to establish a corridor of hydrogen refueling stations in Northern Europe. In parallel private project partners are working on the conversion towards fossil free vehicles and public authorities contribute by encouraging harmonized regulation related to the roll-out of hydrogen infrastructure.
